I. INTRODUCTION

In the year 2010 Lord Prof. Momtchil Dobrev developed the ' Theory of Mafiotismus" as a new state niveaou based on private and personal interests of the prime-minister, ministers, government..

In the year 2001 Lord Prof. Momtchil DObrev developed the Theory of the mafia and Theory of corruption . All the both theories has been developed by analyzing of the mafia and the corruption all over the wrld. In Bulgaria, Germany, European Union, and other countieres.

In the year 2008 Lord Prof. Momtchil Dobrev developed the "Theory of generating crises". The theory of generating crises has been developed by analyzing all the relationships between countries, and lysing the causes and consequences of crises. The theory examines all possible options for generating crises.

1.1 Introduce the Problem

The role of the prosecutor offices in this Mafiotismus is very important to execute orders from the mafia to ruin citizens and families.

The problem of the emerging new kind of capitalism - named by Prof. Dr. Momchil Dobrev MAFIOTISMUS is enormous because it concerns not only the rule of one state but also the governance of a union of states and a way of managing the world.

This is really the new world order with precisely defined principles and ways of management.

This kind of government creates a failure of a state, union, or order of states to develop normally, develop their democracies, and nurture democratic governments.

B. Disclosure of prosecutionrole in the Mafiotismus isvery impoartant. Thei paper make this.

II. RESEARCH METHODS

Research methods of occurrence of MAFIOTISMUS, its logic of work, of existence, of management are the following:

- Analysis of the laws of one country.
- Analysis of all authorities in one country - judicial, legislative, executive
- Analysis of the implementation of the laws of a country
- Analysis of management of public affairs
- Analysis of the existence and / or presence of civil society.
- Analysis of the work of the Prosecutor's Office as a guarantor of the existence and development of mobbing.
- Analysis of the social directions of development of a society
- Analysis of the judiciary - laws, judges, choice of judges, development of judges, violations of judges, disciplinary and other liability of judges, prosecutors, investigators.
- Analysis of the activities of the prosecutor offices
- Analysis how the prosecutor office work in the Mafiotismus.
- Analysis of the how the prosecutor offices cover crimes made by prime-ministers, ministers and etc.

III. PRINCIPLES of the MAFIOTISMUS

The differences in fasism and mafiotismus.

State capitalism - is a system in which the state replaces private entrepreneurs in their role as capitalist factors.

In state capitalism, all property and all means of production are concentrated in the hands of a capitalist - the state, which is in most cases governed by party leadership and party nomenclature.

The assigned value of the production is redistributed by the sole capitalist - the state. It is often called either socialist or communist.

It is often argued that the countries of the socialist bloc are neither folk nor social, and the economic system is actually a stagnant capitalism

Capitalism is an economic system in which production, trade is privately owned and governed by market economy methods, which in turn follow the princes of supply and demand. The main engine in such a system and supposedly "competition".

PRINCIPLES OF MAFIOTISMUS - THE NEW TYPE OF STATE GOVERNANCE IN PRIVATE AND PERSONAL INTERESTS

The state is governed by the Prime Minister if the same state is a parliamentary republic that has put in place and directs each state institution - a ministry, a state agency, manages both the executive and the judiciary through appointments that are close to him, and manages the legislative power - the parliament.

The people are a crowd according to mobbing. Principles of crowd control: suppressing the masses to be guided by petty passions.

Creating problems for the "crowd" - the people through taxes, high prices, high interest rates on bank services, management of the free means of citizens from the middle class, thus, through trickery and hypocrisy, the greatest human virtues are suppressed - honesty and honesty, which, according to mafia, are vices,

The rule of law - where the law begins, where it ends.

Gentle law enforcement, liberal rights,
The right of the strong,

It interferes and removes all existing arrangements and regulations

Mafiaitis puts a hand on the laws, reconfigures the institutions, the necessary and useful is only for their purposes and aspirations.

FORMULA OF THE MAFIOTISMUS

The most simple model of the mafia that describes the factors that affect the amount, type, and etc of the mafia is the following:

MAFIOTISMUS = PERSONAL Power / on the top of state institutions / state and etc./ + Influence + Connections / to personal, private companies + Interests / personal, private, corporative / + ORDER / ORDERS + Personal management of all state neveaus + Personal Control of all states niveausMafia structure / inside or outside / + Monopolity Rieghts + laws / rules / practices / procedures + possibility of

taking an alternative decision - obligation - responsibilities - morality / ethics + Personal management and personal control of distribution of public state monetary and other resource (including European funds and funds).

The mafia is also available for the public and private sector. The power of the mafia and the corruption practices in Greece in the public sector are very stark.

THE MAIN PRICE is the material or non-material benefits of members of the above-mentioned structures. Here is the connection BETWEEN THE MAFIA AND THE CORRUPTION

SPHERE OF THE MAFIA all over the world.

The mafia in Greece can be found in all spheres of the public live.

Sphere of Appearances of the Mafia: 1 /. In the state administration, 2). In politics, 3). In the justice system, 4). In the police, prosecutor, 5 /. In public services., 6 /. In the private sector, 7). In the TV, radio, television, newspaper, and etc., 8 /. In the citizen sector.

The political, financial and weapon producer mafia is the main reason for the beginning of the war in Iraq.

The slowness, the instability, the inconsistency of the "crowd" - the people, their inability to understand and feel the conditions of their own lives.

The power of the mob in the service of mafiaism is blind, unwise, unwise, serving to the left and to the right.

Mafiaitis makes suggestions for freedom equality, brotherhood, justice - pushing to debauchery, drunkenness Trickery, hypocrisy, violence, robbery and terror.

Terror takes place on all vertical and horizontal structures of the executive.

Terror is in favor of mafia and its representatives from the prosecutor's office, the judiciary.

Terrorism is carried out through the NRA, the Ministry of the Interior, the Prosecutor's Office, tax offices, municipal offices and others.

Mafiotismus has the most important factor in public thought - print and print media, all types of media - mostly television and the Internet.

The crowd's thought moves through the press and the media. The role of the press and the media is to be: to sense the needs, to transmit the complaints and to reveal the dissatisfaction of the people. The seal proclaims free speech. But that's obvious. News events are managed and controlled by representatives of mobbing.

Hunger and degeneration of the masses

With constant demands, constant spending, constantly increasing costs, taxes, uninterrupted indebtedness - hunger, taxes, obligations - give birth to slave dependence that governs the crowds, and their hands and minds are blocked for a different thought.

Liberalism

When the people conceive that they are making concessions and indulgences in the name of his freedom, he realizes that he is authoritative and raises against the valley. The people are like a blind man, who encounters all sorts of obstacles, problems, helpless looking for a patron - a support that is not as if he does not think he returns to his first position - puts his rights obediently in his authority .

Specula is a basic form of business and business relationships.

Capital is the one that moves the world, moves, and the slavery that controls the industry and trade

Weakened public thought. - those who ponder and oppose, need to learn to meditate, the mental forces must turn to a verbal shootout of legal time and blasphemy.

Societies must be deceived and deceived and manipulated

Chaos in public thought. Civil society is replaced and replaced by NGOs funded by the Mafia, and civil society is practically implemented and implemented

To lose any opinion on political issues in the forefathers, and political issues are not within their competence of society, but only by those who direct the game.

Another strategy - people's flaws, habit, passions, rules of relationships, to yell so much to create a chaos that does not go out.

People cease to understand each other and they do not have to, to deny the people to think on political issues for their solving.

Personal initiatives must also be confronted - one against another - to make sense.

Monopolies destroy wealth. Capital humiliates agriculture.

Increase in wages and simultaneous increase in prices. Raising wages is not beneficial to workers, because at the same time prices will be increased, the rise in commodity prices, and sometimes the rise in wages. Representatives of mafiotismuss hold public forces. They are the legislators, they determine the composition of the court and they give away justice, they punish, they pardon, they judge. They hold all these positions in their hands

The Mafiotismus holds in his hands the unbridled ambitious, insatiable, greedy, ruthless of vengeance, the evil, the hateful, the envious.

Mafiotismus employs state institutions, education, education, municipal structures and all kinds of government, creates bourgeois arbitrariness, affects the rule of law, with liberal arbitrariness arbitrariness.

Consciously complicate and confuse legislation.

Judges do not do the law, no one can punish them, no one wants to punish the judges, no such institution to punish them, sanction them, fire them.

Mafiotismus and its representatives at the state level create and support the PROCESS OF THE BOGOLIVED IN THE COURT AND THE PROCUREMENT. Judgments that misrepresent the interpretations, contradict the law and its proper execution, create a precedent in a judicial system that does not allow the right of the court, create a precedent law that grossly violates the laws and rights of individuals and companies, decree contradictory interpretations.

Mafiotismus and their representatives affect the judiciary, electoral institutions, the press, the media, the freedom of person, education, and education as the cornerstones of free life.

The institutions are fragmented and divided the power of the state - the legislature, the executive and the judiciary. If one part is damaged, the whole state and its actions are also damaged. The state has suffered from the lack of justice, the lack of implementation of the law by judges, the lack of law enforcement by prosecutors.

The real blood of the state is poisoned - when the judiciary is poisoned. That country is best ruled by the Mafia.

"The Mafia places and appoints judges and prosecutors. The three pillars of chaos are in full dependence on mafios.

Mafia Control and Corruption Control in the Judicial System, - Court and Prosecutor's Office, Administration, Ministries. Appointed people who have something dark in the past, a mistake in their lives, violations of laws, an affair, a crime. Such persons are faithful and do all things to which they are commanded to execute orders, orders, for fear of being denigrated. They seek to preserve their privileges, authority, gains, honor, power, power, their rights to do what they want without being punished.

Destruction in the constitutions of everything that interferes with the mafia and pushing them into what seizes the very content of constitutions and citizens' rights.

Corrupt anti-corruption institutions are being set up, which are initiated by representatives of mobbing, but do not actually enforce the laws but conceal the crimes of their members and servants,

Depleting the population and citizens in their own daily problems of survival.

Dealing with the population. Real deprivation of the rights and freedoms of citizens demonstrated in the constitutions and their replacement into other subordinates in immutability.

Real destruction of citizens' freedoms in other laws and the actual deprivation of citizens' rights and freedoms in the constitution.

This leads to the confiscation of all rights, so that the laws will prohibit and resolve only those things

that are in the interest of the mafia and their personal interest.

The whole press and all the media have been briefly controlled by mafia people.

Persons with a different mindset will not be allowed to scent to media, television, radio, newspapers or magazines.

PUBLIC RESOURCE CONTROL SYSTEM

It is about controlling public funds at the level of prime minister and ministers, so that these public funds go only through companies close to the prime minister and to the respective ministers and report a percentage of the profits from these public funds.

COMPLETE SYSTEMS.

In this way and with these methods, judges and prosecutors, statesmen, officers, ministers,

THE LEGISLATION SYSTEM

By means of auditing acts of revenue and other government agencies, tax offices that prove violations, obligations of individuals and companies in particularly large sizes, companies and persons will be kept in subordination, not presenting these documents, and will be kept on logs ready to run every time and use against the person or company concerned.

REAL CREATION OF AN OPTION

Who will make seeming attacks and protests The real firefights on political and any level will be in vain and fake.

CLOSING AND ADJUSTING CANCELLATION BY MAFIA IN PROSECUTORY

In order for the mafia to work in the prosecutor's office, the top of that organization should be the mafia.

DISPOSAL OF THE ATTENTION OF THE IMPORTANT POLITICAL PROBLEMS

DISTRIBUTION OF PUBLIC AWARENESS OF SERIOUS ISSUES.

KILLING THE LAWS, PRESSING THE POWER OF THE LAW.

- Not to enforce the laws.
- Breach of laws to the detriment of rivals, enemies of the mafia.
- Legalization of crimes committed by prime ministers, ministers, mafia people.
- Free interpretation of the laws.
- Free execution of laws, depending on the client, the people and the mafia companies.
- Settlement of lawsuits in favor of the mafia and the people in the utter violation of laws and principles of law.
-

ESTABLISHING LAWS TO ADAPT THE REPRODUCTION AND DEMOCRACY AND THE RELIEF AND LEAVING OF COMPANIES FROM MAFIA - THE GOVERNMENT.

IMPLEMENTATION OF MAFIA ORDERS IN ALL COURTS and in the PROSECUTOR OFFICES. THE ADMINISTRATIVE COURTS WILL APPROXIMATE THE CRIMES OF THE EXECUTIVE AUTHORITY, GOVERNMENT, MINISTERS, MINISTERS-PRESIDENT.

THE ADMINISTRATIVE BODIES WILL TERMINATE THE DEFENSE AGAINST STATE INSTITUTIONS, MINISTRIES, MINISTERS, MINISTERS - PRESIDENTS, - WHICH HAVE ALREADY DID NOT TAKE OFF CRIMES.

APPOINTMENT OF JUDGES AND PROSECUTORS IN FAVOR OF MAFIA.

ESTABLISHING INSTITUTIONS TO CLOSE CRIMES, BREACHES OF LAWS BY JUDGES AND PROSECUTORS

Judges perform only mafia orders, honest citizens and businesses to lose cases.

Judging is done only on the basis of executing the orders of the Mafia.

Selection of judges and prosecutors only after receipt of orders and the conclusion of an agreement that they will execute mafia orders.

Applying the law by judges and prosecutors will follow the principle of mafia order, not law enforcement.

Judges and prosecutors are appointed only if they belong to the mafia.

Establish institutions and inspectors who will not punish the lawlessness and crimes committed by Mafia judges and prosecutors.

Fear of non-ascension, unrelated to the rank of judge or prosecutor.

Creating conditions for lifting and raising judges, police officers and prosecutors in rank - the single fulfillment of mafia orders.

CREATION OF STRUGGLE AND CLEARANCE IN THE COURT, MINISTRY OF INTERIOR PROTECTION IN THE HOME. CREATION OF STRUGGLE AND UNREGULAR REMEDY OF ALL AND ALWAYS ONLY IN FAVOR OF MAFIA. ABSOLUTE AS PRINCIPLE OF POWER

REMOVAL OF CASSATION LAW. In the Bulgarian Art. 280 of the CCP - Inclusion of cassation law in the power of the ruler and the mafia.

The seal will fall under the strict censorship of the Mafia only for its benefit.

Real use of all media and print media tools in favor and in the interest of the Mafia.

Different treatment of laws by judges and prosecutors.

Criminal proceedings against people belonging to the Mafia will be dealt with in their favor in violation of any legal provisions.

Criminal proceedings against people - opponents of the government's mafia - will be resolved in violation of the laws to their detriment and their ruin - both intellectually, physically, mentally.

A halo of governmental infallibility and "non-violation" of the laws will be built.

A system of government-infallible laws will be created despite their ubiquitous violation.

Violation of the laws of citizens' rights and freedoms by government, ministers, state institutions, will remain unpunished by both the court and the prosecution.

Appointment of the Chief Prosecutor and Prosecutors from Mafia and Government People - Personally by the Prime Ministers. This will ensure that any violation, violation of laws, committing offenses under the Penal Code will not be penalized by a court or prosecution service. Guilty members of the mafia will be exonerated. For the same case, the mafia opponents will be punished in violation of any laws. The ultimate goal is to ruin human lives, businesses, entire families. The goal will be stealing and misappropriation of businesses, properties, and mafia competitors. State agencies will implement the provisions - including the lips of the Prime Minister and his ministers in violation of any laws. Centralized **GOVERNMENT MANAGEMENT** - from the Mafia starting from Prime Minister. Centralized management and control of ministers by the Prime Minister. Counter of the Ministers' actions and decisions by employees of the Prime Minister. Control and management of all public procurement, appointed by one ministry, by the Mafia and the Prime Minister. Kontor and management of all public procurement to be won by companies close to the Mafia, respectively by the Prime Minister and his ministers. The preparation of the terms of each public contract can only be met as a mandatory condition by a mafia company and a close company to the Prime Minister and his ministers. Creating a mechanism for renegotiating the terms of the winning public procurement contract by a mafia company, the goal being to raise unlimited the price of the public procurement. Establishing a mechanism for only winning a public order from a company close to the mafia and raising the price unlimitedly many times. People are a crowd and need to create a system, to become more stupid to have more problems with administration, management - tax, property, indebtedness, not to look into the problems of society and. Problems - HIGH LOANS, High Interest, Expensive Food, Expensive Value of Services. Literature and journalism are the two most important educational powers. The Mafia will become the owner of nearly 100 percent of the

media - television, radio, newspapers, magazines that control about 90-95 percent of the population.

IV. PRINCIPLES OF THE PROSECUTOR'S OFFICE AS MAFIA STRUCTURE IN THE MAFIA OF THE EXAMPLE OF BULGARIA AND THE EUROPEAN COMMISSION

The purpose of the prosecution in mafia-style is to crack down on citizens and companies that do not obey the executive - the Prime Minister and his racketeering and extortion for the transfer of property to companies.

Making indictments with fake accusations or accusations of fraud and fraudulent expertise in violation of the laws of that country.

And vice versa:

Cloaking crimes committed by the prime minister, ministers, officials of the executive, representatives of state-owned companies.

Cloaking crimes committed by the Prime Minister, ministers who support the theft of state property on state-owned properties and damaging the state budget by millions of euros.

Closure of inactions and non-compliance with laws, failure to execute court decisions by the executive, the prime minister, ministers, mayors close to the ruling party.

Cloaking of crime - stealing state property, stealing private land, stealing land in favor of construction.

Concealment of offenses by the executive - stealing EU funds.

Cloaking schemes for theft and extortion of citizens from state-owned companies - supplying electricity, gas, heat, water.

Stretching an umbrella over executed crimes by prime minister, ministers, people of the executive.

Stretching an umbrella over mafia faces and loved ones to steal property for hundreds of millions of euros

Stretching an umbrella over notary dealers who have drafted notarial deeds that have been stealing property for hundreds of millions of euros.

Stretching an umbrella over judiciary judges who commit crimes that rule acts in favor of the executive and the government and harass companies and citizens.

Stretching an umbrella over prosecutors who commit crimes, cloaking crimes of judges.

Stretching an umbrella by specialized prosecutors over judges who can not prove their millions where they are.

Stretching an umbrella by specialized prosecutors over ministers and prime minister that allow state budget bailouts from private bailiffs who are damaging the budget budget by tens of millions of euros.

Stretching the umbrella to the umbrellas and citizens who commit theft and fraud, but who are close to power, to the prime minister, to ministers.

As an example, the Chief Prosecutor of the Republic of Bulgaria Sotir Tsatsarov was elected on the basis of the election of Prime Minister Boyko Borisov, with the support of the United States and the CIA.

From 2013 Chief Prosecutor Sotir Tzatsarov has ratified the plan for racketeering, coercion, extortion of citizens and companies, hiding crimes committed by judges, prosecutors, prime ministers.

For all these actions of the Prosecutor's Office and personally the Chief Prosecutor Sotir Tsatsarov was notified the European Commission, the European Union, the European MEPs - almost all, for the financing of EU funds and EU funds.

The waste - no reaction.

Ergo - The European Commission, with President Juncker and the European Parliament and the European Commission, supports the Mafia in Bulgaria and the Mafia actions of European statesmen, the Chief Prosecutor, prosecutors, judges, ministers.

Europe supports the mafia in Bulgaria, which operates at a state level that does not comply with mandatory directives of the European Commission and the European Union.

Europe supports the mafia in Bulgaria in a court and prosecutor's office who commit outrage, racketeering, coercion, extortion of companies and citizens who do not belong to the mafia of the ruling party with Prime Minister Boyko Borisov.
