Abstract

Lord prof PhD Momtchil Dobrev-Halachev developed 2008 "Theory of generating of crises " , 2010 "Theory and praxice of the Mafiotismus" and 2001 " Theory of the mafia". Based on these two theories this paper explane the establishment of the mafiotismus all over the world – principles, theory and praxis in European Union , European Commissionq akk over the world and in the Republic Bulgaria

Keywords - Mafiotismus, Crise, mafia, corruption, theory, finance .

I. INTRODUCTION

In the year 2001 Lord Prof. Momtchil DObrev developed the "Theory of the mafia" and "Theory of corruption" . All the both theories has been developed by analyzing of the mafia and the corruption all over the wprld. In Bulgaria, Germany, European Union, USA and other countines.

In the year 2008 Lord Prof. Momtchil Dobrev developed the "Theory of generating crises". The theory of generating crises has been developed by analyzing all the relationships between countries, and lysing the causes and consequences of crises. The

theory examines all possible options for generating crises.

In the year 2010 Lord Prof. Momtchil Dobrev developed the ' Theory of Mafiotismus" as a new state niveaou based on private and personal interests of the prime-minister, ministers, government and developed " Finance- banking resource technological mafia-driven Materialismus.

In his book "Theory and practise of Mafiotismus.Finance-bank resource technological mafia-driven Materialismus" 2018 Lord Prof. Momtchil Dobrev describe the principles of the mafiotismus, the formula of the mafiotismus, the principles of the Finance-bank resource technological mafia-driven Materialismus, the principles how work the George Soros's system, the reason for establishment of the European Unon, the principles of the work of European funds, the shemas of profits for the german, French and other companies, the 30 – 35 % commissions in all these funding transfers to the agents of the Finance-banking resource technological mafia-driven Materialismus

A. Introduce the Problem

The problem of the emerging new kind of capitalism - named by Prof. Dr. Momchil Dobrev MAFIOTISMUS is enormous because it concerns not

only the rule of one state but also the governance of a union of states and a way of managing the world.

This is really the new world order with precisely defined principles and ways of management.

This kind of government creates a failure of a state, union, or order of states to develop normally, develop their democracies, and nurture democratic governments.

This creates not only crises but also irreversible processes of destruction and destruction of entire nations, peoples, worlds, states, alliances.

1.2. The importance of revealing the real and real causes of the existing of the Mafiotismusu, its development is of great importance for our entire civilization. This is important in order to be able to anticipate and track such processes and take real measures to prevent such crises.

1.3. The thesis of Lord Prof. Dr. Momchil Dobrev is that the Mafiotismus is the new kind of capitalism based on the private and personal interests of the people of the mafia beginning from the prime-minister, ministers, government, member of the mafia.

II. RESEARCH METHODS

Research methods of occurrence of MAFIOTISMUS, its logic of work, of existence, of management are the following:

- Analysis of the laws of one country.
- Analysis of all authorities in one country - judicial, legislative, executive
- Analysis of the implementation of the laws of a country
- Analysis of management of public affairs
- Analysis of the existence and / or presence of civil society.
- Analysis of the work of the Prosecutor's Office as a guarantor of the existence and development of mobbing.
- Analysis of the social directions of development of a society
- Analysis of the judiciary - laws, judges, choice of judges, development of judges, violations of judges, disciplinary and other liability of judges, prosecutors, investigators.
- Analysis of the establishment of Europa, European Union
- Analysis of the work in European Union, European Commission.
- Analysis of the European funds, system of the European funds
- Analysis of the economical development and economical process in Europa, European countries.

III. PRINCIPLES of the MAFIOTISMUS

The differences in fascism and mafiotismus.

State capitalism - is a system in which the state replaces private entrepreneurs in their role as capitalist factors.

In state capitalism, all property and all means of production are concentrated in the hands of a capitalist - the state, which is in most cases governed by party leadership and party nomenclature.

The assigned value of the production is redistributed by the sole capitalist - the state. It is often called either socialist or communist.

It is often argued that the countries of the socialist bloc are neither folk nor social, and the economic system is actually a stagnant capitalism

Capitalism is an economic system in which production, trade is privately owned and governed by market economy methods, which in turn follow the principles of supply and demand. The main engine in such a system and supposedly "competition".

Fascism - confesses the idea of a one-nation state. Fascism believes that nations and races are in constant conflict, fascist governments forbid and suppress criticism and opposition against themselves. They are opposed to class conflict.

Fascism is a government that resembles that of Mussolini, which raises the nation and race over the individual, establishes a single-parted system, pushes nationalism, imposes strict economic and social control, violence, censorship

PRINCIPLES OF MAFIOTISMUS - THE NEW TYPE OF STATE GOVERNANCE IN PRIVATE AND PERSONAL INTERESTS

The state is governed by the Prime Minister if the same state is a parliamentary republic that has put in place and directs each state institution - a ministry, a state agency, manages both the executive and the judiciary through appointments that are close to him, and manages the legislative power - the parliament.

The people are a crowd according to mobbing. Principles of crowd control: suppressing the masses to be guided by petty passions.

Creating problems for the "crowd" - the people through taxes, high prices, high interest rates on bank services, management of the free means of citizens from the middle class, thus, through trickery and hypocrisy, the greatest human virtues are suppressed - honesty and honesty, which, according to mafia, are vices,

The rule of law - where the law begins, where it ends.

Gentle law enforcement, liberal rights, The right of the strong, It interferes and removes all existing arrangements and regulations. Mafiotismus puts a hand on the laws, reconfigures the institutions, the necessary and useful is only for their purposes and aspirations.

FORMULA OF THE MAFIOTISMUS

The most simple model of the mafia that describes the factors that affect the amount, type, and etc of the mafia is the following:

MAFIOTISMUS = PERSONAL Power / on the top of state institutions / state and etc./ + Influence + Connections / to personal, private companies + Interests / personal, private, corporative / + ORDER / ORDERS + Personal management of all state niveaux + Personal Control of all states niveaux Mafia structure / inside or outside / + Monopoly Rieghts + laws / rules / practices / procedures + possibility of taking an alternative decision - obligation - responsibilities - morality / ethics + Personal management and personal control of distribution of public state monetary and other resource (including European funds and funds).

The mafia is also available for the public and private sector. The power of the mafia and the corruption practices in Greece in the public sector are very stark.

THE MAIN PRICE is the material or non-material benefits of members of the above-mentioned structures. Here is the connection BETWEEN THE MAFIA AND THE CORRUPTION

Hunger and degeneration of the masses

With constant demands, constant spending, constantly increasing costs, taxes, uninterrupted indebtedness - hunger, taxes, obligations - give birth to slave dependence that governs the crowds, and their hands and minds are blocked for a different thought,

Liberalism

When the people conceive that they are making concessions and indulgences in the name of his freedom, he realizes that he is authoritative and raises against the valley. The people are like a blind man, who encounters all sorts of obstacles, problems, helpless looking for a patron - a support that is not as if he does not think he returns to his first position - puts his rights obediently in his authority .

Specula is a basic form of business and business relationships.

Capital is the one that moves the world, moves, and the slavery that controls the industry and trade

Weakened public thought. - those who ponder and oppose, need to learn to meditate, the mental forces must turn to a verbal shootout of legal time and blasphemy. Societies must be deceived and deceived and manipulated

Chaos in public thought. Civil society is replaced and replaced by NGOs funded by the Mafia, and civil society is practically implemented and implemented

To lose any opinion on political issues in the forefathers, and political issues are not within their competence of society, but only by those who direct the game.

Another strategy - people's flaws, habit, passions, rules of relationships, to yell so much to create a chaos that does not go out.

People cease to understand each other and they do not have to, to deny the people to think on political issues for their solving.

Personal initiatives must also be confronted - one against another - to make sense.

Monopolies destroy wealth. Capital humiliates agriculture.

Increase in wages and simultaneous increase in prices. Raising wages is not beneficial to workers, because at the same time prices will be increased, the rise in commodity prices, and sometimes the rise in wages. Representatives of mafiotismuss hold public forces. They are the legislators, they determine the composition of the court and they give away justice, they punish, they pardon, they judge. They hold all these positions in their hands

The Mafiotismus holds in his hands the unbridled ambitious, insatiable, greedy, ruthless of vengeance, the evil, the hateful, the envious.

Mafiotismus employs state institutions, education, education, municipal structures and all kinds of government, creates bourgeois arbitrariness, affects the rule of law, with liberal arbitrariness arbitrariness.

Consciously complicate and confuse legislation.

Judges do not do the law, no one can punish them, no one wants to punish the judges, no such institution to punish them, sanction them, fire them.

Mafiotismus and its representatives at the state level create and support the PROCESS OF THE BOGOLIVED IN THE COURT AND THE PROCUREMENT. Judgments that misrepresent the interpretations, contradict the law and its proper execution, create a precedent in a judicial system that does not allow the right of the court, create a precedent law that grossly violates the laws and rights of individuals and companies, decree contradictory interpretations.

Mafiotismus and their representatives affect the judiciary, electoral institutions, the press, the media, the freedom of person, education, and education as the cornerstones of free life.

The institutions are fragmented and divided the power of the state - the legislature, the executive and the judiciary. If one part is damaged, the whole state and its actions are also damaged. The state has suffered from the lack of justice, the lack of implementation of the law by judges, the lack of law enforcement by prosecutors.

The real blood of the state is poisoned - when the judiciary is poisoned. That country is best ruled by the Mafia.

"The Mafia places and appoints judges and prosecutors. The three pillars of chaos are in full dependence on mafios.

Mafia Control and Corruption Control in the Judicial System, - Court and Prosecutor's Office,

Administration, Ministries. Appointed people who have something dark in the past, a mistake in their lives, violations of laws, an affair, a crime. Such persons are faithful and do all things to which they are commanded to execute orders, orders, for fear of being denigrated. They seek to preserve their privileges, authority, gains, honor, power, power, their rights to do what they want without being punished.

Destruction in the constitutions of everything that interferes with the mafia and pushing them into what seizes the very content of constitutions and citizens' rights.

Corrupt anti-corruption institutions are being set up, which are initiated by representatives of mobbing, but do not actually enforce the laws but conceal the crimes of their members and servants,

Depleting the population and citizens in their own daily problems of survival.

Dealing with the population. Real deprivation of the rights and freedoms of citizens demonstrated in the constitutions and their replacement into other subordinates in immutability.

Real destruction of citizens' freedoms in other laws and the actual deprivation of citizens' rights and freedoms in the constitution.

This leads to the confiscation of all rights, so that the laws will prohibit and resolve only those things that are in the interest of the mafia and their personal interest.

The whole press and all the media have been briefly controlled by mafia people.

Persons with a different mindset will not be allowed to scent to media, television, radio, newspapers or magazines.

PUBLIC RESOURCE CONTROL SYSTEM

It is about controlling public funds at the level of prime minister and ministers, so that these public funds go only through companies close to the prime minister and to the respective ministers and report a percentage of the profits from these public funds.

COMPLETE SYSTEMS.

In this way and with these methods, judges and prosecutors, statesmen, officers, ministers,

THE LEGISLATION SYSTEM

By means of auditing acts of revenue and other government agencies, tax offices that prove violations, obligations of individuals and companies in particularly large sizes, companies and persons will be kept in subordination, not presenting these documents, and will be kept on logs ready to run every time and use against the person or company concerned.

REAL CREATION OF AN OPTION

Who will make seeming attacks and protests The real firefights on political and any level will be in vain and fake.

CLOSING AND ADJUSTING CANCELLATION BY MAFIA IN PROSECUTORY

In order for the mafia to work in the prosecutor's office, the top of that organization should be the mafia.

DISPOSAL OF THE ATTENTION OF THE IMPORTANT POLITICAL PROBLEMS

DISTRIBUTION OF PUBLIC AWARENESS OF SERIOUS ISSUES.

KILLING THE LAWS, PRESSING THE POWER OF THE LAW.

- Not to enforce the laws.
- Breach of laws to the detriment of rivals, enemies of the mafia.
- Legalization of crimes committed by prime ministers, ministers, mafia people.
- Free interpretation of the laws.
- Free execution of laws, depending on the client, the people and the mafia companies.
- Settlement of lawsuits in favor of the mafia and the people in the utter violation of laws and principles of law.
-

ESTABLISHING LAWS TO ADAPT THE REPRODUCTION AND DEMOCRACY AND THE RELIEF AND LEAVING OF COMPANIES FROM MAFIA - THE GOVERNMENT.

IMPLEMENTATION OF MAFIA ORDERS IN ALL COURTS.

THE ADMINISTRATIVE COURTS WILL APPROXIMATE THE CRIMES OF THE EXECUTIVE AUTHORITY, GOVERNMENT, MINISTERS, MINISTERS-PRESIDENT.

THE ADMINISTRATIVE BODIES WILL TERMINATE THE DEFENSE AGAINST STATE INSTITUTIONS, MINISTRIES, MINISTERS, MINISTERS - PRESIDENTS, - WHICH HAVE ALREADY DID NOT TAKE OFF CRIMES.

APPOINTMENT OF JUDGES AND PROSECUTORS IN FAVOR OF MAFIA.

ESTABLISHING INSTITUTIONS TO CLOSE CRIMES, BREACHES OF LAWS BY JUDGES AND PROSECUTORS Judges perform only mafia orders, honest citizens and businesses to lose cases. Judging is done only on the basis of executing the orders of the Mafia. Selection of judges and prosecutors only after receipt of orders and the conclusion of an agreement that they will execute mafia orders. Applying the law by judges and prosecutors will follow the principle of mafia order, not law enforcement. Judges and prosecutors are appointed only if they belong to the mafia. Establish institutions and inspectors who will not punish the lawlessness and crimes committed by Mafia judges and prosecutors. Fear of non-

ascension, unrelated to the rank of judge or prosecutor. Creating conditions for lifting and raising judges, police officers and prosecutors in rank - the single fulfillment of mafia orders. Appointment of the Chief Prosecutor and Prosecutors from Mafia and Government People - Personally by the Prime Ministers.

This will ensure that any violation, violation of laws, committing offenses under the Penal Code will not be penalized by a court or prosecution service. Guilty members of the mafia will be exonerated. For the same case, the mafia opponents will be punished in violation of any laws. The ultimate goal is to ruin human lives, businesses, entire families. The goal will be stealing and misappropriation of businesses, properties, and mafia competitors. State agencies will implement the provisions - including the lips of the Prime Minister and his ministers in violation of any laws.

Centralized GOVERNMENT MANAGEMENT - from the Mafia starting from Prime Minister. Centralized management and control of ministers by the Prime Minister. Counter of the Ministers' actions and decisions by employees of the Prime Minister. Control and management of all public procurement, appointed by one ministry, by the Mafia and the Prime Minister. Kontor and management of all public procurement to be won by companies close to the Mafia, respectively by the Prime Minister and his ministers. The preparation of the terms of each public contract can only be met as a mandatory condition by a mafia company and a close company to the Prime Minister and his ministers. Creating a mechanism for renegotiating the terms of the winning public procurement contract by a mafia company, the goal being to raise unlimited the price of the public procurement. Establishing a mechanism for only winning a public order from a company close to the mafia and raising the price unlimitedly many times. People are a crowd and need to create a system, to become more stupid to have more problems with administration, management - tax, property, indebtedness, not to look into the problems of society and. Problems - HIGH LOANS, High Interest, Expensive Food, Expensive Value of Services. Literature and journalism are the two most important educational powers. The Mafia will become the owner of nearly 100 percent of the media - television, radio, newspapers, magazines that control about 90-95 percent of the population.

IV. PRINCIPLES OF THE FINANCIALLY BANKING RESOURCE-BASED TECHNOLOGICAL MAFIA-DRIVEN MATERIALISM

A. The principles of the Financially banking resource-based technological mafia-driven materialism

The only purpose is the profit and enslavement of peoples, states, governments, creation of monopolies. Participating countries - banks, financial institutions, companies - oil, resources, steel, oil, food, medicines, fuels.

Finance and money determine politics, wars, peace.

Primary goal and approach: Central bank formation in the major countries to control not only finance, but also economic activity and politics. These central banks will be governed by governments, states, parties, citizens, a whole territory, in terms of money, investment, resources, use, in whose behalf and for what. These are the initial steps. Establishment of central banks in the major countries in fact to control not only finance but also economic activity. Establishment of central banks in countries owned by private individuals and private banks. This controls the economies of these countries, governments of these countries, citizens, over entire societies.

Where central private banks are not allowed to be created in the countries - it is the occasion to generate civil wars, wars between states, trigger "revolutions" - to finance them from the bank-financial resources technological capital.

Creating conditions for destabilization of the country concerned, importing corruption, provoking a civil war, provoking war, creating conditions for the maturing of an economic crisis, leading to the destabilization of the political power in the country.

Generating and provoking wars, conflicts, fickle confessions, financing both the warring parties with loans - with the ultimate goal of profit, debt, then giving credit for the recovery of these states, lending to rebuild the economies of the warring states, shunning companies managing resources - oil, gold, trade, medicines, food, creating a military situation - unlocking - an institutional occasion.

System: Funding both sides to wage war between them. Practical parties are indebted to banks, then banks and financial institutions finance the recovery of their economies. Profits are enormous. The profit rate for weapons and ammunition is the highest and most rapidly recoverable and revamped. They finance supplies of weapons, ammunition, food, clothing, ammunition, extra equipment, they actually manage the war process - when there is an advantage for one side, for the other. Realistically with supplies of weapons, ammunition, they manage the process of war - which side takes precedence and when and for how long.

The Goal:

Government control - not only through finances, but also by building up faithful government and state subjects - from universities, world institutions, clubs, lodges, foundations, which then either become

presidents, prime ministers, ministers, leaders and important institutions .

Control of security services and control of compromise.

Control and avoidance of the production of treatments for the treatment of lethal diseases.

Import and export of corruption in one country to its destabilization.

Debt economy, money control. A person who controls money controls states, societies, peoples, governments.

Manifestation of the masses, peoples, personalities.

Personality control, with debit, credit cards, mobile phones, mobile applications - uninterrupted control. It; / RTI & gt; Civil Society Control through Foundations - NGOs to Replace Public Opinion, Funding to Control and Manage Society.

Command not all resources of the earth, oil, gold, silver, uranium and income from them.

Managing the population through illnesses.

Private repositories of tremendous wealth.

V. THE PRINCIPLA SCHEME OF GEORGE SOROS'S WORK BASED ON THE PROF. MONTCHIL DOBREV'S "FINANSIAL BANKING RESOURCE-TECHNOLOGICALLY MAFIA- DRIVEN MATERIALISMUS" AND THE REAL THEORY OF OPEN SOCIETY OF CARL POPPER

The goals of George SOROS are as follows:

Destabilization - chaos in economic direction

Destabilizers - a chaos of society

1. Destroy all peacekeepers.
2. Removal of legacy
3. Removal of private ownership
4. Removing patriotism
5. Destruction of the population
6. Removal of religion
7. Establishing a world government

In fact, with his actions and results from his work, Soros proves that he is working on this program.

A. SOROS crisis generation schemes:

Crisis generation schemes:

-Privacy of chaos in one country - political, economic.

- Import and export of corruption, mafia,

-Tracking money out of circulation, it immediately creates economic crises. In turn, they

cause huge damage to whole countries. Accordingly, he gets loans.

- Crisis crisis - caused - creates economic, social, demographic, social, political crises.

- YELLOW REVOLUTION and others in different sidelines - and use of chaos to penetrate certain companies to STILL COUNTRY MATERIALS - the example of Libya and other countries.

THE SOROS SCHEME (Györ Schwartz) FOR ENTRY IN COUNTRIES AND THE ESTABLISHMENT OF PARALLEL STRUCTURES

The Open Society as a concept, as a system in the work of the Soros. About Soros The open society is what opposes isolationism and unitary thinking, that is, of "totalitarianism".

Soros adopts the ideology of Carl Popper, who, in 1945, publishes its books on Open Society and its enemies.

Soros created the foundation of the Open Society Foundation in the early 1980s in former socialist countries. This begins in his native Ugaria. It attracts dissident people, the opening of Hungary to the West accelerates the fall of the Burlinska wall.

VI. PRINCIPLES OF THE PROSECUTOR'S OFFICE AS MAFIA STRUCTURE IN THE MAFIOTISMUS IN EUROPEAN COMMISSION AND BULGARIA

The purpose of the prosecution in mafia-style is to crack down on citizens and companies that do not obey the executive - the Prime Minister and his racketeering and extortion for the transfer of property to companies.

Making indictments with fake accusations or accusations of fraud and fraudulent expertise in violation of the laws of that country.

And vice versa:

Cloaking crimes committed by the prime minister, ministers, officials of the executive, representatives of state-owned companies. Cloaking crimes committed by the Prime Minister, ministers who support the theft of state property on state-owned properties and damaging the state budget by millions of euros. Closure of inactions and non-compliance with laws, failure to execute court decisions by the executive, the prime minister, ministers, mayors close to the ruling party. Cloaking of crime - stealing state property, stealing private land, stealing land in favor of construction. Concealment of offenses by the executive - stealing EU funds. Cloaking schemes for theft and extortion of citizens from state-owned companies - supplying electricity, gas, heat, water.

Stretching an umbrella over executed crimes by prime minister, ministers, people of the executive. Stretching an umbrella over mafia faces and loved ones to steal property for hundreds of millions of euros. Stretching an umbrella over notary dealers who have drafted notarial deeds that have been stealing property for hundreds of millions of euros. Stretching an umbrella over judiciary judges who commit crimes that rule acts in favor of the executive and the government and harass companies and citizens. Stretching an umbrella over prosecutors who commit crimes, cloaking crimes of judges. Stretching an umbrella by specialized prosecutors over judges who can not prove their millions where they are. Stretching an umbrella by specialized prosecutors over ministers and prime minister that allow state budget bailouts from private bailiffs who are damaging the budget budget by tens of millions of euros. Stretching the umbrella to the umbrellas and citizens who commit theft and fraud, but who are close to power, to the prime minister, to ministers.

As an example, the Chief Prosecutor of the Republic of Bulgaria Sotir Tsatsarov was elected on the basis of the election of Prime Minister Boyko Borisov, with the support of the United States and the CIA. From 2013 Chief Prosecutor Sotir Tzatsarov has ratified the plan for racketeering, coercion, extortion of citizens and companies, hiding crimes committed by judges, prosecutors, prime ministers.

For all these actions of the Prosecutor's Office and personally the Chief Prosecutor Sotir Tsatsarov was notified the European Commission, the European Union, the European MEPs - almost all, for the financing of EU funds and EU funds. The waste - no reaction.

Ergo - The European Commission, with President Juncker and the European Parliament and the European Commission, supports the Mafia in Bulgaria and the Mafia actions of European statesmen, the Chief Prosecutor, prosecutors, judges, ministers. Europe supports the mafia in Bulgaria, which operates at a state level that does not comply with mandatory directives of the European Commission and the European Union. Europe

supports the mafia in Bulgaria in a court and prosecutor's office who commit outrage, racketeering, coercion, extortion of companies and citizens who do not belong to the mafia of the ruling party with Prime Minister Boyko Borisov.

VII. THE REAL ROLE OF ESTABLISHMENT OF EUROPEAN UNION

The Act of Establishing in 1950 of the Treaty establishing the European Coal and Steel Community between France, Germany, Italy, Luxembourg, Belgium and the Netherlands shows that a cartel process is a monopoly.

Indeed, the most well developed in industrially concerned countries such as France and Germany provide a monopoly for these goods. The next Act, 1957, in Rome, signing the Treaty establishing the European Economic Community and the European Atomic Energy Community is in the same direction.

The subsequent 1959 abolition of customs restrictions in the EEC ensured the monopoly influence of highly industrialized countries.

1962 follows the introduction of the common agricultural policy of the Community.

The 1970s take place alongside the production of the amicable, product-based monopoly of the highly developed countries and the introduction of its own resources and the extension of the budgetary powers of the European Parliament.

Shortly, the lessons learned from the European Funds management - 30-35 percent go to commissions for firms that are intermediaries - and these are the companies of financially banking resource-based technology-matophilized materialism.

The very fact that it is advisable to purchase such equipment, tools, appliances, scientific equipment and others from Germany and France in every purchase of equipment, tools, etc., proves that this is the market for companies in the two countries.

Ie. Real stock funding provides revenue and profits to companies in the two largest countries in Europe - Germany and France.

Their companies also participate in the largest infrastructure projects.

Financing highways usually steals between 30-35 percent minimum. Upon reconstruction of railway lines and railway stations steal at least 30 - 45 percent of the funding.

These commissions go into the pockets of the European mafia.

The very fact that government decides on which programs to apply for what projects and funding.

All this is coordinated between governments and the mafia.

If a private company wants resources to recultivate and rehabilitate private land masses in the next programming period, this can not happen if the private company is not the mafia and is not close to the prime minister.

Ie. you only fund projects of mafia and mafia companies.

Ie. the very principle of the creation of the European Union is the profit from the total funding, the commissions from the total project financing and other - regional policies and others.

5). The principle of free movement of money, capital in labor, labor proves the following practice.

Free Moved Capital - used for money laundering and creation of production in countries and armies from the European Union, where labor is the cheapest. One hundred percent of the output is exported, no profit is made in the country concerned, ie. becomes a legitimate European money laundering.

6). European societies are cheating on wrong economic indicators that do not take into account the true reality in the community. Indicators such as gross domestic product, foreign direct investment, average wage, growth rates, net exports, imports and exports are real scams and do not take into account real values and realities in the community.

7). By misrepresentation of economic indicators, a division of European society is created, a distinction is made between the richest and the world's poorest, the middle class is being destroyed, the slavery of 99% of the European population is created in favor of mafiaism and its materialism.

8). Indeed, globalization and neo-liberalism make it possible for countries, peoples, societies, money laundering to be robbed, in favor of mafiaism and its materialism.

9). The refugee crisis is also ruled by mobbing in Europe. In the book Prof. Momchil Dobrev reveals the truths investigated, the essence of the creation of the refugee crisis.

10). In the books, Prof. Momchil Dobrev also reveals how the system for importing terrorism into the territory of Europe has been created and created, and that is where the Mafia of Europe and other countries is involved.

11/. The Hidden Ideology of Financial banking Resource-Technologically Mafiaized Materialism by Lord Prof. Momchil Dobrev and the Real Hegel Theory according to Lord Prof. Dr. Momchil Dobrev

The original ideologist is Hegel. Hegel says: Conflicts create a story.

If conflicts are controlled, managed, and created, what will the story be - induced - generated story. This is stated by Lord Prof. Momchil Dobrev as counterpart and critic of Hegel. Finishers and bankers create organize, plan the beginning - the cause, the place of the end of each conflict. The funding of the conflict - both sides.

Existing power is the "thesis" that generates its opposite - "antithesis" The conflict that arises between these two forces creates "synthesis". Conflict conflicts.

The wars represent the synthesis we see according to Hegel's Theory.

Wars create benefits - profit, interest. According to the thesis and the intrigue are necessary for the movement of history. The truth is that both the thesis, the antithesis and the synthesis are important for the capital and the fruits of this capital - the profit.

The trilateral commission openly admits that solving for war and peace is only taken by a few elite people. All property common source - Hegel.

Hegel teaches that the state is God, and the only obligation of the citizens is to serve the state, thus serving God.

Historical dialectics - all historical events emerge from conflicts between opposing forces / thesis and antithesis /, but which are generated by financially resource-based technical mafia-driven materialism, adds Momchil Dobrev.

That's the real truth.

Supporter and further developed Hegel's theses, but in our opinion, in a very consciously wrong direction that serves the purposes of financially banking, the technically manipulated materialism is fed to Rothschild Karl Marx - a Jew.

Marx and "capital" treat capitalism as a "thesis," communism as "antithesis".

The man who uses Hegel's theses is JM Morgan. JM Morgan studied in 1850 at the Göttingen University in Germany - which center was Hegel's activity. Morgan uses all the parties in his favor. He supports Republicans, Democrats, a Communist Party, and his closest is Julius Hammer, the father of the famous Armand Hammer. The real theory of Hegel and Marx is the glossy cover that has nothing to do with truth and reality.

The practice is to manipulate people, left, right, centrists, and others.

One of the most prominent figures of modern history that has given its appreciation of the "laws of history" is Karl Marx.

Marx formulated an entirely new historical philosophy that played an important role for billions of people on earth, whom Momchil Dobrev believed to be deliberately misguided and directed at the masses, with the ultimate goal of manipulating capital and bankers and their benefit from wars, conflicts, and so on.

Actually, according to Momchil Dobrev, Karl Marx has committed a falsification of history.

The present material proves this - the mistakes and contradictions of Mark and Hegel. Marx is Jewish.

He likes to collect huge amounts of information, but only to use it against his opponents. In the beginning he deals with law and poetry. For years he has been following Hegel's footsteps. Marx behaves like a prophet and thinks in Hegelian categories,

establishes those, antitheses and synthesis, without ever giving logical evidence.

He is subordinate to his teacher Hegel.

Makes the same mistakes and adds new mistakes.

Opponents get lowered through several high-spirited words. With his pen, he tries to inspire the masses, constantly dreams of revolutions, and escapes extradition from France. Everywhere he sees the flames of the revolution.

His predictions almost never happen and come true.

Dream and pray for coups and revolutions, but in terms of theory and mafiotizmus Financial - Banking Technology Resource mafia materialism Lord prof. Momchil Dobrev each revolution coup and is funded by interested sides- ie financiers and bankers ..

The criticism of Lord Prof. Momchil Dobrev to Karl Marx and to Carl Poper.

A truly internationally from the 18th century, FINANCIAL BANK ING RESOURCES TECHNOLOGY MAFFIOTISED MATERIALISM of Lord Prof. Momchil Dobrev is working, not the historical materialism of Karl Marx.

VIII. CONCLUSIONS

The new kind of capitalism the MAFIOTISMUS exist not only in countries – for the examples on European Union, European Commission, European Institution in favor of the mafia, in favor of companies that are nearby to the prime-ministers, ministers, etc. The role of the prosecutor offices in the Mafiotismus proofs how it works in real time. Now this process is more effective as in the fascism. Now this process is more working for the mafia in one state.
